Playhouse MD Medicine Dispenser

Meet Riley the Rocket, the Medicine Dispenser that adds a dose of play to every sick day! Doctor-designed and kid-inspired, Riley makes giving liquid medication and supplements easier with a friendly rocket shape and precise dosing system. Use the pacifier attachment for infant doses or remove it as your little one gets older — the paci's curved medicine channel bypasses baby's taste buds to help reduce spit-ups for more mess-free medicine time. Riley also includes 5 mL and 10 mL syringes, an easy-to-clean pull-apart design, and a story-driven Playful Prompts Guide for transforming tough moments into positive care experiences for babies and toddlers 0M+.

Why parents love it:

- Friendly rocket cover transforms medicine time into a playful moment
- Precise dosage markings for accurate, fuss-free medication delivery
- Pacifier attachment with curved medicine channel for infants bypasses taste buds to reduce spit-ups
- Two-piece rocket cover fits comfortably in your hand and cleans easily

- BPA and Phthalate-free, doctor-designed for all ages 0+ months
- Includes a 5 mL and 10 mL syringe
- Compatible with most standard oral syringes
- Includes Playful Prompts Guide: Playful parenting inspiration to turn your child's next sick day into a positive care moment

ELEVATE TO ALL DAY Summer Play

Built from the ground up with safety in mind.

Turn your backyard into the ultimate backyard upgrade with the Springfree Costco Exclusive All Black 13' Jumbo Round Trampoline Bundle—where safety meets endless fun!

Designed with world-class safety innovations, this jumbo 13ft round trampoline has no springs and no hard edges in the jumping area. Plus, its sleek all-black design with a flexible safety net makes summer with family and friends even more exciting.

Give your family the gift of outdoor fun that lasts beyond summer.

springfree
TRAMPOLINE

FlexiNet™

Specifically made with flexibility and no climbing in mind; cushions wayward jumpers and prevents falls to the ground.

No Springs

Flexible composite rods instead of metal springs eliminate pinch points that could trap feet or toes and result in injury.

Mat with SoftEdge™

30 times more shock absorbent than pads, the SoftEdge mat eliminates hard edges at the jumping surface.

Hidden Frame

The frame has three layers of rust protection that won't flake or peel. Plus, it's positioned below the jumping surface where it's impossible to fall on.

ELIMINATES 90% OF INJURIES

THE ONLY TRAMPOLINE TO ELIMINATE 90% OF PRODUCT RELATED INJURIES*

ASTM F2225 & F201

CONTINUOUSLY MEETING THE NORTH AMERICAN SAFETY STANDARDS, YEAR AFTER YEAR.

HOT NEW PRODUCTS

Woddle Baby

The World's Smartest Changing Pad, Woddle, is an AI- powered pad that combines every must-have nursery essential into a single, smart device, tracking a baby's growth and development and providing peace of mind to parents everywhere.

Transforming a nursery staple into a smart hub for infant care, the comfortable, wipeable, water-resistant Woddle changing pad includes a built-in warmer, white noise machine, night light, and weight scale.

The pad is paired with the Woddle Baby companion app, which tracks babies' growth trajectory and provides tailored child development answers and advice. Together, Woddle's features and smart technology provide a centralized parenting solution (less clutter in the nursery!) that includes a:

- Comfortable, wipeable changing pad
- Warmer to relax baby during diaper changes
- Soothing white noise machine to reduce stress and promote calm
- Soft nightlight to keep baby sleepy during nighttime changes
- Accurate scale for real-time weight monitoring up to 50lbs
- Intuitive touchpad for tracking weight, changes, feeding, sleep patterns, and more
- Paired companion app to track baby's growth trajectory
- In-app AI assistant for tailored answers to baby-related questions

The Woddle Baby companion app receives and tracks baby's weight, feeding, diaper change, and sleep pattern entries from the pad, helping parents capture and monitor important developmental information in one place. Parents can also access the World Health Organization's growth chart on the app to benchmark their child's progress. Easily shareable with parenting partners and caregivers, the app includes an AI Parent Coach that provides tailored advice and answers to parenting questions.

This innovation in baby wellness was developed by some of the brightest minds in technology, engineering, and medicine, including Woddle founder and CEO, Shaker Rawan. Driven by his personal parenting experiences and a fruitless search for answers to his concerns over his own child's growth, Rawan developed a solution that resonates with parents looking to easily and consistently track their baby's growth.

Says Rawan, "The Woddle was born of necessity! Our newborn struggled with feeding and sleeping and

seemed to be growing more slowly than we expected. We searched for an accurate and convenient way to track his growth—and ease our minds—to no avail. So, we decided to design the solution we needed. Thanks to some of the top designers, engineers, and programmers around, Woddle provides the data, tracking, answers, and comfort new parents so desperately need."

Best of all, Woddle is designed to get smarter over time, with automatic software updates to the changing pad and AI enhancements. Woddle's roadmap includes integration into health systems, allowing parents to share their baby's vitals with their doctors. Their patented AI technology will allow parents to proactively monitor for infant health risks in the future.

About Woddle

We at Woddle are passionate about identifying and providing solutions to the problems surrounding child-care, especially as it relates to babies. One of the world's most experienced technical leaders, Woddle founder and CEO Shaker Rawan led Google's Android initiatives for the 2B+ users worldwide and built Lumin's banking platform that serves 2M active users monthly. His extensive experience developing innovative products, building ecosystems, and scaling adoption drove the development of Woddle's Smart Changing Pad.

Smart, comfortable, safe, and hygienic, the BPA-free Woddle is available for purchase now at www.WoddleBaby.com.

HOT NEW PRODUCTS

Cornhole Shootout

What do you get when you mix two popular sports activities that almost anyone can play? Cornhole Shootout, a superfun fusion of basketball and cornhole.

The all-new indoor-outdoor game, Cornhole Shootout is set up like traditional cornhole. However, this time, players take aim and can choose to shoot into elevated hoops, strategically placed on the cornhole-style board. A bank-shot or wish will likely fall straight through the hole on the cornhole board too for extra points.

National Geographic Motorized Marble Run

Create endless marble mazes with the National Geographic Motorized Marble Run! Features a motorized lift that carries marbles up 16" and drops them onto the track, creating a perpetual motion machine that continuously takes your marbles back to the top to launch again! With 61 construction pieces, 20 marbles, and the lift, you have everything needed for endless configurations!

Get ready for hours of fun with this innovative motorized marble run from National Geographic! The motorized spiral lift carries your marbles up to 16" high and allows you to design endless runs.

Kit includes:

- 61 construction pieces
- 20 marbles
- 14-piece motorized spiral lift
- Storage bag
- Learning Guide

Configure the pieces in any design you'd like and explore endless marble maze possibilities! The motorized lift keeps the action moving, creating a perpetual motion machine that keeps the marble action going non-stop! The pieces in this kit—including the motorized lift—are compatible with existing National Geographic Glow-in-the-Dark Marble Run kits (non-magnetic), allowing you to explore even larger runs! The detailed Learning Guide has lots of information about the physics of motion and gravity, so kids can learn while they play! And when they're all done, a convenient storage bag is included so you can keep all the marble run pieces stored together.

The National Geographic 95-Piece Motorized Marble Run Set is a super-fun way for kids to explore construction, engineering, and physics!

HOT NEW PRODUCTS

National Geographic Bug Habitat

With this bug catcher and habitat kit, kids can capture bugs and insects, then watch them through the habitat's magnified viewers. The bug catcher, tweezers, and net make it easy to catch bugs of all types!

National Geographic's Bug Catcher & Habitat Kit lets children capture and observe bugs using the habitat with magnified viewers! This kit includes everything kids need to capture bugs and observe them up close in their natural state.

Kit includes: clear bug habitat, removable base, latching lid with two magnified viewers (one stationary and one moveable), scissor-style bug catcher, net, tweezers, instructions & Learning Guide.

Exploring the bug and insect world is easy with this kit! Catching bugs is simple with the included bug catcher, net, and tweezers. To observe the bugs they catch, kids can first add natural objects like dirt, sticks, and rocks to the habitat base to help the bug feel at home. Once the bug is caught and added to the habitat, kids can observe it from all angles. The lid includes two magnifiers—a large, stationary viewer to see details up close, and another that telescopes and moves to expand the field of view and observe bugs as they move around the habitat. A detailed Learning Guide is also included that's filled with facts about bugs, insects, and spiders and how they live in the natural world.

The National Geographic Bug Catcher & Habitat Kit is the perfect outdoor activity for kids interested in the natural world.

Ages: 4-12

HOT NEW PRODUCTS

National Geographic Clay Dinosaur Modeling Kit

Design colorful dino figurines by shaping the 5 colors of clay over the 5 dino skeletons (T. Rex, Stegosaurus, Triceratops, Dimetrodon, Brachiosaurus). Use the sculpting tool and 30 googly eyes to add more character! Kids can mix and match colors to create their own fun designs! With the National Geographic Air Dry Clay Dinosaur Craft Kit, kids can create 5 colorful dinosaurs using 5 colors of air-dry clay and googly eyes! A sculpting tool is also included to make molding and shaping easy for kids.

This Clay Dinosaur Craft Kit includes:

- 5 colors of air-dry clay (red, blue, purple, yellow, green)
- 5 dinosaur skeletons (T. Rex, Stegosaurus, Triceratops, Dimetrodon, Brachiosaurus)
- 30 googly eyes
- Sculpting tool
- Instructions and Learning Guide

The air-dry clay and included supplies in this kit make it easy for kids to design colorful, fun dinosaur figures they can display proudly! The clay is soft and easy for kids to work with, so they can focus on their creativity as they mix and match colors and add googly eyes to their dino. A full-color Learning Guide is also included, filled with fun facts about the 5 dinosaurs in the kit, fossils, and more.

National Geographic Glow-in-the-Dark Frog Dissection Lab

This kit is a safe and humane alternative to dissecting a real frog! The glow-in-the-dark bones and realistic organs are encased in a safe, odor-free gel. Kids use the included tools to extract each of the 11 anatomy pieces to study closer.

With the National Geographic Synthetic Frog Dissection science kit, kids can study the bones, organs, and biology of a synthetic frog, just as they would with a real one! Everything kids need to conduct their dissection is included, along with a gel refill powder for an additional dissection!

This science kit includes:

- 1 frog mold
- 11 organs and glow-in-the-dark skeleton pieces
- Plastic dissection tool & tweezers
- 1 gel refill packet
- Full-color instructions and Learning Guide

Using the safe dissection tools included in the kit, kids will remove 11 realistic organs and glow-in-the-dark skeletal pieces from the frog to study in further detail. The organ pieces include the brain and eyes, lower organs, stomach, heart, and lungs, and the skeleton components (skull, spine, front & back legs, pelvis) glow in the dark, making this biology kit truly unique and fun! With the included gel refill, kids can reassemble their frog and refill it to conduct another dissection, making this kit perfect for biology classrooms and homeschool lessons!

Soppycid Reusable Water Balloons

Soppycid, the inventor and leading brand of reusable water balloons. When it comes to water balloon fun, Soppycid is a true game-changer! As the top-selling and most recognized brand in the market, Soppycid brings you the ultimate summer experience with its innovative reusable water balloons.

Summer is all about creating unforgettable memories, and what better way to do that than with an epic water balloon fight? Traditional water balloons not only bring too much hassle, but they also create a mess and harm the environment. Soppycid's reusable water balloons are here to change the game.

Imagine gearing up with your loved ones for an exhilarating water battle, ready to beat the heat with a splash! Whether you're at a park, backyard, or beach, Soppycid's reusable water balloons are the perfect companion for endless fun. Not only do they provide hassle-free water fun, but they also help protect the environment. By choosing Soppycid, you're not just having fun – you're making a conscious choice to reduce waste and keep our planet clean.

Introducing Soppycid Reusable Water Balloons – the ultimate game-changer in water balloon fun:

- **Reusable Over 1,000 Times:** Unlike traditional plastic water balloons that are single-use, Soppycid balloons can be reused over 1,000 times, making them durable and eco-friendly.
- **Refill in Just One Second:** With MagSeal™ technology, Soppycid balloons refill and seal in just one second, allowing for quick and easy refills during water battles.
- **No Fragments to Clean Up:** Made from food-grade silicone, Soppycid balloons do not break into harmful fragments, reducing waste and making cleanup a breeze.
- **Gentle on Impact:** Soppycid balloons are gentle on impact, ensuring a safe and enjoyable playing experience for all ages.
- **Eco-Friendly and Pollution-Free:** Say goodbye to single-use plastic waste! Soppycid Reusable Water Balloons are environmentally friendly, helping you reduce your carbon footprint while enjoying summer to the fullest.
- **Water Fun Anywhere, No Faucet Needed:** Whether you're at the park, beach, or backyard, Soppycid Reusable Water Balloons are perfect for any outdoor occasion. Compact and easy to carry, they're the ideal summer accessory.

Ages: 3-18

Blockaroo Magnetic Foam Building Blocks

Dive into fun with the Blockaroo 50-piece Set with Storage Trunk! Transform play time into a captivating learning adventure or add a splash of excitement to any bath time moment with these award-winning magnetic foam blocks.

This set includes an assortment of 50 magnetic foam blocks, and is perfect for use in classrooms, for preschool learning activities, and for larger families! A storage trunk is also included so blocks can be stored away with ease.

Blockaroo magnetic foam building blocks are rapidly becoming a top choice for parents and educators alike! They're designed to be the easiest-to-use building blocks ever created. Designed by educators, these award-winning STEM toys have earned prestigious accolades like the Mom's Choice Gold Award, the Tillywig Brain Child Award, and the Parent and Teacher Choice Award. Safety is our top priority, and you can trust that all Blockaroo blocks are rigorously safety tested to exceed the highest international toy standards.

These large, soft foam blocks offer more than just fun; they're excellent for teaching important early STEM skills such as counting, sorting, and stacking, all while stimulating tactile and sensory development.

One of the things that sets Blockaroo apart is our innovative magnetic system. These blocks connect like magic and never repel, providing endless building possibilities when combined with other sets. Kids love the way the blocks rotate 360-degrees when connected, making a satisfying click sound that adds a multi-sensory dimension to playtime. Building is easy with the 360-degree rotation capability and the mix-and-match nature of these blocks. Plus, the interactive elements of Blockaroo building toys encourage socialization and teamwork, making them perfect for quality family time with your young ones.

Best of all, cleaning is a breeze – just pop Blockaroo blocks in the top rack of your dishwasher, and they'll be as good as new!

HOT NEW PRODUCTS

Charmdana Dog Bandana and Wag-Witty Charms

My daughter Katie and I launched this pet business called WagAround Town in 2023 inspired by our own dogs. We wanted to provide innovative, eco-friendly and stylish accessories for dogs. We created this Croc-style bandana for dogs out of 100% natural rubber.

The Charmdana is NOT your ordinary bandana. It comes in 6 colors and three adjustable sizes so it's comfortable and gives a secure fit for pets of all sizes. The natural rubber material is lightweight, durable, waterproof and has a textured back for ventilation for all day wear. It's built to withstand the wildest of zoomies, the muddiest of hikes, and the messiest of playdates. Best of all it's easy to clean with just soap and water so you can easily rinse it off at the beach or dog park.

Accompanying the bandanas are the Wag Witty Charms, which is a collection of playful and witty charms with sayings from the dog's perspective. They offer endless possibilities for customization and pet owners can mix and match charms to create unique combinations that reflect their pet's personality, interests, or special event. Whether it's a playful "It's a Ruff Life," "It's Treat O'Clock Somewhere," or "Just Another Day at the Pawfice," the charms fit any occasion. Owners can also mix and match with any universal shoe charms.

While unveiling our products at the Global Pet Expo in Orlando, Fla. March 2024, the international pet trade show, WagAround Town received a top award, third place in the highly competitive New Dog Product Category. Additionally, we were honored with the prestigious Best New Product Award by Blog Paws, the national pet influencer association.

We also feel our product is unique because it enhances the human-canine bond. Dog owners can choose charms that fit their dog's personality and attitude, which in turn gives the owner an emotional bond when spending time with their dog. Whether your dog is "So Spoiled", a "Wiggle Butt", or wants to tell you to "Talk to the Paw" or "Fetch it Yourself" it will bring a smile or a giggle to brighten your day.

Dogs Helping Dogs!

For every 5 mats sold we will donate 1 travel mat to a service dog!

Mission – We want to give away 50 free Travel Dog Mats by 2025!

We would love for you and your pup to join our mission; help us give 50 free Travel Dog Mats to military and working dogs to keep them safe, comfortable and improve their quality of life.

These amazing dogs enhance physiological and psychological well-being and promote empowerment for veterans that maybe in isolation. With your purchase we can make a tangible and significant difference in these dogs lives while they help a vet regain their independence thru social interaction. Help us honor all military and working dogs for their service.

Funsicle Cloud Escape Mat

A heavenly chill experience awaits with the Funsicle Cloud Escape Mat. Officially out of the playing-with-pool-toys phase, teens will appreciate the peace and tranquility this inflatable mat brings. Designed in attractive, gender-neutral colors and measuring at 6ft long, lanky teens can stretch out in style — staying completely dry above the water. The contoured design supports all types of bodies, while the plush built-in pillow adds even more comfort for a luxurious ride on the water. The Funsicle Cloud Escape Mat is made from puncture-resistant and non-phthalates material, constructed with a strong DuraSeam double layer. It can be quickly inflated or deflated with the included AirFlate Tool, making setup a breeze. The ideal choice for making a statement on the water, it is the perfect companion for trips to the beach, lake or pool. The Funsicle Cloud Escape Mat will have any teenager feeling calm and carefree, floating away on cloud 9 all summer.

National Geographic Butterfly Growing Kit

Build the perfect butterfly habitat in the included mesh enclosure with see-through lid! Kids can decorate the feeder with the included stickers, and get ready to watch one of nature's most exciting metamorphoses! You'll receive a voucher for 5 baby caterpillars (plus shipping and handling).

With the National Geographic Butterfly Grow Kit, kids will watch on with wonder as their caterpillars grow, before beginning one of nature's most incredible transformations. They'll eventually form a chrysalis to protect themselves as they develop, and finally emerge as beautiful Painted Lady butterflies!

This kit includes kid-friendly instructions along with a full-color poster with lessons on the life cycle and anatomy of butterflies. As their caterpillars grow into butterflies, kids can also track each stage and learn about what to expect every step of the way!

Ages 4 - 18

National Geographic Epic Forts

Take fort building to thrilling new levels of fun with the 70-piece Epic Fort Building Kit! Easily build indoor forts with endless configurations thanks to Flex-Tech hubs that hold the poles tight and flex. Kids can build tents, castles, and even dome-shaped forts!

This 70-piece set includes step-by-step, illustrated instructions that explain fort building basics, along with how to build a pyramid and an airplane. These primary, guided builds give kids the confidence and experience they need to invent their own fort designs. 4 clips are also included for household fort coverings like blankets or sheets (not included). The possibilities are truly endless once kids start to get creative, taking imaginative play to a new level of fun! The National Geographic Epic Forts Kit grows with your family too—it's great for younger kids who love make-believe play, as well

as older kids seeking endless engineering challenges and creative ways to explore their inventiveness.

BabyBuddha Single or Double Portable Breast Pump

BabyBuddha's battery-powered breast pump is known for its compact size and powerful suction; as the smallest pump on the market with hospital-grade power, it's a mom-favorite for a reason. Thanks to its lightweight frame and wearable lanyard, moving around while pumping is a breeze. With hands-free operation, moms can pay more attention to their baby and multitask — regaining their freedom. Don't let its small size and portability fool you; the BabyBuddha pump is a powerhouse. It has 15 different comfort settings and caters to a wide variety of suction needs. From gentle stimulation to power pumping, BabyBuddha is there for breastfeeding moms at every point in their breastfeeding journey. Additionally, the soft cushions mimic babies' lips for maximum comfort and milk flow. The pump is rechargeable, and will last 4-5 fifteen-minute pumping sessions. Its closed-valve system keeps breast milk bacteria-free, and its T-valve tubing allows moms to pump both sides at once or one side at a time. BabyBuddha's impressively small, quiet, and powerful mechanism makes for a discreet, efficient and effective pumping experience.

BabyBuddha is also the only breast pump company that openly advertises its compatibility with pump parts from other brands. In fact, they encourage mixing and matching when need be — at the end of the day, they're all about helping moms make pumping work for them, no matter what that looks like. Additionally, all BabyBuddha consumers have access to free lactation consultants, only a message away. Elisabeth Anderson-Sierra — A.K.A the Milk Goddess — is the hyper-lactating mom of 3 who works as the Director of Lactation Services for BabyBuddha. Due to her hyperlactation syndrome, Elisabeth pumps almost two gallons of milk per day (and has been for over 8 years)! BabyBuddha's breast pump is the only pump that can keep up with Elisabeth's needs, so she has worked with the product development team to make the pump the best it can be for all moms — no matter what their pumping journey looks like. Now, BabyBuddha helps Elisabeth (and moms across the country) gain freedom back by not being tethered to a wall while pumping. The BabyBuddha pump also cut her time spent pumping down from 6 hours per day to only — 3.5 thanks to its powerful suction. In total, Elisabeth has donated over 350,000 ounces of breastmilk to parents across the world with BabyBuddha's support along the way. The BabyBuddha breast pump is available for \$249.99 at BabyBuddhaProducts.com and Amazon. It is one of the most affordable breast pumps on the market coming in under \$300, and it is also available for free through most insurance plans.

I AM A TORNADO

An emotionally unaware tornado carves a path of destruction until it picks up a very empathetic cow in this quirky and sweet picture book about compassion and navigating negative emotions. Tornado is on a rampage. It tosses cars and knocks over barns. Tornado is also angry, only it doesn't know that or want to admit it. Then Tornado picks up Cow. Oh, no! Cow would like to be put down. Fortunately, Cow is a good listener. And sometimes Tornado just needs to be heard.

BOOKS

Glow in the Dark: Animals at Night

Meet the animals that come out at night in this nocturnal adventure across the globe's habitats, including a glow-in-the-dark poster of the deep sea.

See the jaguar prowling the Amazon rainforest, spot the lion pride on the African savannah, and visit a turtle nesting beach under the stars. Then, turn off the lights to see the ocean creatures glow on the 640 x 296 mm tear-out poster. The book's cover glows in the dark too! (Be sure to charge them in the light first.)

Each spread features an enchanting illustration of a different nighttime habitat animated by a description of the activities of its various creatures, told in lulling prose. Fact boxes call out the names of the different animals and their unique qualities. Learn about the rainforest mammals called kinkajous, who slurp flower nectar by night and nest in tree hollows by day, and the rare and mysterious night parrots, who emerge after sunset in the Australian outback to feed on the seeds of spinifex bushes, among many other amazing nocturnal creatures.

Coding Critters™

Meet the Coding Critters™ — puppies Ranger & Zip, kitties Scamper & Sneaker, or dinos Rumble & Bumble — your first coding friends! These interactive pets introduce preschoolers to critical thinking, problem-solving, and other STEM skills with the help of fun playsets, storybook coding adventures, and two interactive modes! In Play Mode kids can feed, pet, and take care of their new friends. Code-along story challenges help to build skills through imaginative play. Easy to use, Coding Critters are simple enough to use right out of the box and challenging enough to grow with kids' skills. Kids build their understanding of STEM skills including sequential logic, critical thinking, and problem-solving every time they play.

Snuggle Swing

Parents expect a smooth and secure ride for their precious child and that's exactly what they appreciate in this infant-toddler swing. The Snuggle Swing is designed with babies and toddlers in mind. It's simple for a parent to load their child and provides plenty of support and comfort for its rider. It allows countless hours of active play experiences for young children and easily mounts on most swing sets. Unlike most plastic swings, the Simplay3 Snuggle Swing features durable, double (thick) walls. Made in the USA.

Ages: 9 to 36 Months
Available at: Amazon and simplay3.com
\$49.99

My Buddy & Me SUV

This SUV-styled riding toy is ideal for toddlers and preschoolers. The grow-with-me design features a large handle for push along cruising. Then, as a toddler matures and is ready to be in command, a removable floorboard panel rotates and locks underneath never detaching from the vehicle. The child is now the driver in foot-to-floor mode. Kids absolutely love the working door and the front seatback that can be placed in multiple positions. When the seat back is all the way forward, there's plenty of room to take along a buddy or when placed all the way back it serves as a tailgate, creating a large interior space for even more precious cargo. Made in the USA.

Ages 18 Months to 5 Years

Game Night in a Can

Game Night in a Can is a collection of 30 creative challenges and physical games of skill.

Creators Barry McLaughlin and Jason Lautenschleger took their experiences of hosting live comedy game shows at places like the Hollywood Improv and turned them into this hilarious, family-friendly party game.

Players take turns hosting games by spinning the spinner (conveniently located underneath the lid!) and picking one of the cards. Depending on the card, you may find yourself inventing a new animal species for the last spot on Noah's ark, competitively flying paper airplanes, creating a brand new dance move or performing a ridiculous commercial for your family's couch!

Get everyone's creative juices flowing and play fan favorites like Frumpy Bumpers, Creepy Peepers, Bank Face and more! Ages 8 to Adult

Available at: Amazon, Barnes & Noble, Tilly's, BoxLunch or <http://www.gamenightinacan.com>

PicassoTiles® PTB100 Farm Theme Bristle Shape 100-Piece Basic Building Set

PicassoTiles® PTB100 100pcs Bristle Shape 3D STEM Building Blocks Tiles Farm Theme Set Construction Learning Toy Stacking Educational Block, Creativity beyond Imagination, Inspirational, Recreational, Educational, Conventional.

PicassoTiles is a fun "shape building" set utilizing embedded magnets that immerses children (and creative adults) into crafting 2D and 3D art sure to put a smile on those who appreciate creative, active learning. At PicassoTiles, we strive to help creative children in core fundamentals such as the basics of physics, aptitude in mechanics, building and architecture. Our magnetic shapes also help give your child that early exposure to the basics of magnetism and shapes. By integrating the dynamics of magnetism with building using geometric shapes, PicassoTiles Magnet Tiles 3D Building Block gives an extra dimension to the total learning and creative process.

Features:

- PTB100-FARM are soft, rubbery, interlocking bristles that stick together at any angle makes it easier to build.
- PTB100-FARM provides a good way to develop children's creativity at a young age. Your children can acquire a strong sense of color, geometrical shapes, & architectural design.
- PTB100-FARM bristle block set has different brightly colored pieces which provide kid's endless building possibilities.
- PTB100-FARM bristle block set can build different objects such as a car, a house, a robot. The most amazing thing is that kids can build a completed farm.
- PTB100-FARM bristle block set includes different figures like farmer, pig, cow, donkey, sheep, and tourist.

Tiny Love Magical Tales Black & White Gymini Deluxe

The Tiny Love Black & White Gymini Deluxe from the Magical Tales Collection is a stylish activity gym designed to support newborn development from day one. With 18 developmental activities and interactive toys, it encourages baby's skills as they naturally play.

Contrasting black and white colors provide visual stimulation for newborns and the stylish design means parents are no longer forced to choose between development and style.

The adjustable arches allow baby to grow alongside the mat and enhances tummy time with engaging satin ribbons, musical toys and a mirror for baby to play with. A variety of textures helps to develop baby senses and a cozy play area allows babies to stretch and experience movement.

The Black & White Gymini Deluxe is designed with the 7 developmental wonders, a trademarked set of guidelines created by experts to measure newborn development. Through interactive play with the musical hedgehog, a playful plush cloud, wind chime badger and crinkly peek-a-boo tree, your baby can develop cognitive skills such as object permanence and stay engaged during tummy time.

Below are additional age tips and recommended modes of use:

0+ months: Senses

- The gym's contrasting black & white colors, textures and sounds stimulate senses from day one, while simple black-and-white shapes are especially designed to help stimulate newborns' vision.

0-2+ months: EQ — Bonding & Communication

- Placing adjustable arches into an open position encourages bonding time and connectivity.

2-4 Month: Gross Motor Skills — Tummy Time

- Place the Gymini's soft book in front of baby while in the tummy time position. The Gymini's soft book was created with unique contrasting graphic elements and designed to motivate baby during tummy time.

3-5 months: Fine Motor Skills

- The Gymini's variety of textures help develop tactile senses and encourage the development of fine motor skills. Satin ribbons, plush clouds, crinkly flaps and other elements enrich baby's tactile experience and help practice various types of grasping.

4-6 months: Cognition — Understanding cause and Effect

- As baby grows, the Gymini helps baby understand the relationship between cause and effect as they begin to realize that they have control over action and can actually make things happen.

Ages: 0 months – 1 year

CHILDREN

mifold the Grab-and-Go Booster

mifold® the Grab-and-Go Booster seat is the most advanced, compact and portable child car safety seat ever invented. It's innovative design is more than 10x smaller than a regular booster and it's just as safe.

mifold works completely the opposite way to a regular booster. A regular booster seat lifts the child to be in the position of an adult, but mifold holds the seat belt down. So like a regular booster, mifold holds the seat belt in exactly the correct position on the bones of the hips and the bones of the shoulder, without needing a big, bulky seat to lift the child. mifold meets or exceeds the FMVSS 213 regulations.

In at least 20% of journeys, children do not have an appropriate restraint: carpooling, with grandparents, with taxis, on vacations, rental cars and bigger kids whom do not want to appear babyish in front of their friends.

The world is going through the most significant change in 100 years. Nowhere are these changes felt more than in the world of personal transportation.

Millennials are traveling more than ever before, there is more ridesharing than ever, less car ownership but more car usage, there is a move towards autonomous vehicles. These changes mean that booster seats are needed to move with the child and not the car. Traditional large, heavy and bulky car seats no longer meet the needs of the modern family.

Inspired by these changes mifold is leading the development of solutions for these needs. We have sold more than half a million mifold seats in more than 150 countries world-wide.

For the first time, mifold solves the problem when bulky seats are not available. Ages: 4 and Up

Available at: Amazon.com, Nordstrom.com, buybuyBaby, Walmart.com, Target Stores and Target.com, Nex.com and Kohls, <http://www.mifold.com>

ELECTRONICS

HALO Power Hub

HALO makes a Powerhub, which is a portable charging station that can charge up to six USB devices at the same time. At 5" wide and 5" long with a height of just under two inches, it can easily tuck away when not needed, but it is attractive enough to set out on your counter or shelf. They come in several colors.

Ages: 5 to 85

Available at: www.BestHALO.com

\$64.95

HALO Bolt ACDC Portable Charger & Car Jump Starter

The portable powerhouse is useful for everyone. After all, electricity does go out from time to time.

This portable unit can run your 120 Volt devices and your tech products with USB plugs. It also comes with jumper cables to instantly charge your car's battery without the need for another car. It's handy and useful. Parents will undoubtedly want one for each of their kids. It is also something that is necessary in each car.

Think about being able to recharge your car's battery without the assistance of another vehicle. It's safer than waiting on a dark road for another car to come help you jump the batteries or for AAA to arrive. Just hook up the battery to the BOLT and voila. And when the electricity goes out for whatever reason, you can connect a lamp, tablet, or something else and have access to the news, in case the power is out due to weather or an earthquake. The BOLT ACDC comes in a variety of colors.

Ages: 5 to 85

\$39.99

HALO Bolt 57720 Portable Charger & Car Jump Starter w/LED Floodlight

Portable Powerhouse.

The HALO Bolt is your ultimate emergency portable charger. Packed with 57,720mWh of power, the Bolt will charge your electronic devices and jump start your car! That's right! With the push of a button, this portable charger, small enough to fit into your hand, can provide a jump to 12V car batteries with the included jumper cables. No more worries about being stranded due to a dead car battery. The step-by-step instructions right on the bag tell you exactly what to do. You can't mess this up! An alert informs you if the cables are not connected correctly.

On the road or at home, the HALO Bolt's two USB outputs allow you to charge multiple devices at once, so you can power up your smartphone while your kids stay busy with their charged tablets.

The HALO Bolt 57720 also features a convenient LED floodlight. Customers frequently rely on the Bolt as a power source during power outages to keep their electronic devices charged.

A great add-on purchase is the car charger for those extended power outages to keep your Bolt charged.

TECHNOLOGY

Storypod, The Leading Children's Educational Audio System

Storypod is a screen-free interactive audio system for kids ages 0-9 that aims to support parents on their journey of raising smart, healthy, and curious children. Kids can independently engage with Storypod. They simply tap any Craftie, Audiobook, Activity Card, Token, or Trivia Card on top of the device and activate educational and entertaining audio content (Music/Songs, Fables, Fairy Tales, Stories, Biographies, and so much more). Storypod is the perfect gift for children of all ages, presenting STEM and learning topics in a fun and engaging way with a focus on stage-based childhood development.

Storypod helps improve early reading skills and speech development with our content developed by experts. Storypod uniquely allows for quizzes and interactive content with our child-friendly buttons and engaging content. Bedtime routines are made easier with Storypod bedtime content helping parents to set predictable night routines for their little ones.

Age Target: Toddlers

TRAVEL

Toontown Reopens at Disneyland

By Francine Brokaw

Toontown has officially reopened at Disneyland after a year of being closed for a complete remodel. This is a colorful, fun, and great place for people of all ages. The decorations and backdrop are amazing and the interactive experiences make this a unique area of the resort.

There are three "attractions" in Toontown.

Mickey & Minnie's Runaway Railway opened a few weeks ago and is a favorite among visitors. Guests ride in a trackless train and experience a 360-degree cartoon in which they are immersed. The song in this attraction is as addicting as the "small world" tune. I love it.

Chip 'n' Dale's GADGETcoaster is a small coaster that was created with little kids in mind, however adults also get a thrill. It's not a super fast track and the drops are minimal so most people will be able to enjoy this attraction.

Roger Rabbit's Car Spin has guests riding in their own taxi as they encounter experiences surrounding their cab. The center wheel allows for guests to spin their car around as they desire.

Also in Toontown are areas for kids to play and explore, slide, and splash. Characters can be found throughout the town and Mickey and Minnie have scheduled times to greet guests in their respective homes. And speaking of homes, guests get to walk through them and see how these two iconic mice live.

Café Daisy and Good Boy! Grocers have a variety of food so it's not necessary to leave Toontown to get something to eat. Guests are encouraged to set up their own picnics in the little park with baskets and blankets available to purchase to make a memorable picnic.

And speaking of purchases, EngineEar Souvenirs has some fun items commemorating the town. The remote controlled car is adorable. It looks like the car Mickey and Minnie ride in in the Runaway Railway attraction.

For the first time in its history, Pete is available to greet guests. This character has taken a back seat but is now front and center in Toontown.

Toontown is located next to it's a small world, and also has a station on the Disneyland Railroad line that encircles all of Disneyland.

The beautiful and enjoyable reimagined Toontown is just one of the new ways in which the company is celebrating its 100th anniversary.
